

Is AoR right for your business?

Answer a few quick questions to see whether an Agent of Record solution could be the right fit for your contractor workforce.

START HERE

Are you engaging independent contractors?

Do you rely on contractors, consultants or freelancers to support projects or ongoing business needs?

YES >

NO
v

Are you concerned about worker misclassification?

Are you unsure whether some workers should be engaged as independent contractors or employees?

YES >

NO
v

AoR may not be the right fit right now

Your contractor population may be limited, local or manageable through your existing internal processes and supplier relationships.

[Talk to CXC about the support that fits your needs now.](#)

Are you engaging contractors across multiple countries?

Do you need a consistent way to onboard, contract and pay independent workers in different markets?

YES >

NO
v

Do you need to scale contractor programmes quickly?

Would a standardised onboarding, contracting and payment process help you engage more contractors without increasing internal workload?

YES >

NO
v

You may benefit from more targeted contractor support

Your needs may be better suited to focused support with contractor onboarding, classification, contracts, payments or local compliance rather than a full AoR programme.

[Talk to CXC about a more flexible contractor solution.](#)

Do you need to reduce contractor compliance risk?

Would support with local contracts, documentation, tax requirements and engagement processes help you operate with more confidence?

YES
v

< NO

Are you supporting global or distributed project teams?

Do you need one partner to coordinate contractor engagement across locations, projects and business units?

YES
v

Yes! AoR could be right for your business

Your answers suggest that an Agent of Record could help you engage independent contractors more consistently, strengthen compliance and scale your contractor programme across markets.
