

Is Contractor Management Outsourcing right for your business?

Answer a few quick questions to see whether outsourcing contractor management could be the right fit for your organisation.

START HERE

Is contractor administration taking up too much time?

Are internal teams spending significant time on onboarding, documentation, timesheets, queries and day-to-day contractor support?

YES >

Do you want to improve the contractor experience?

Would a clearer, more consistent onboarding and support process help contractors get started and stay productive?

YES >

Do you need stronger compliance controls?

Are you concerned about contracts, worker classification, documentation or changing local requirements?

Are contractor payroll and invoicing difficult to manage?

Do multiple processes, systems or suppliers make contractor payments and invoicing more complex than they need to be?

YES >

Do you need better contingent workforce visibility?

Would clearer data on contractor numbers, costs, locations and engagement status help you make better decisions?

YES >

Do you want internal teams to focus on more strategic work?

Would outsourcing routine contractor management free your HR, procurement or operations teams to focus on higher-value priorities?

Outsourcing may not be the right fit right now

Your contractor population or internal processes may currently be manageable without a fully outsourced contractor management solution.

[Talk to CXC about the support that fits your needs now.](#)

You may benefit from more targeted support

Your needs may be better suited to focused support in areas such as contractor onboarding, payroll, compliance or reporting rather than a fully outsourced model.

[Talk to CXC about a more flexible support model.](#)

Yes! CMO could be right for you

Your answers suggest that outsourcing day-to-day contractor management could reduce administrative workload, strengthen compliance and create a more consistent contractor experience.
