

Is EoR right for your business?

Answer a few quick questions to see whether CXC could help you engage contractors compliantly, locally or internationally.

START HERE

Do you need to engage talent outside your existing employment structure?

Are you hiring in a new country, engaging local contractors or adding workers your current processes cannot easily support?

YES >

NO
v

Are you engaging contractors locally?

Do you need support with contracts, onboarding, payments or the ongoing administration of local contractors?

YES >

NO
v

An outsourced engagement solution may not be the right fit right now

Your current workforce may be manageable through your existing entities, internal processes or supplier relationships.

[Talk to CXC about your future workforce plans.](#)

Do you need to engage workers without establishing a local entity?

Would setting up and managing your own entity create unnecessary cost, delay or administration?

NO
v

Do you need stronger compliance and worker classification controls?

Would support with local requirements, contracts, classification, payroll or payments help reduce risk?

NO
v

You may benefit from targeted workforce support

Your needs may be better suited to focused support with contractor management, payroll, compliance, onboarding or worker classification.

Do you need help determining the right engagement model?

Are you unsure whether someone should be engaged as an employee or an independent contractor?

YES
v

< NO

Would outsourcing worker administration simplify your operations?

Would one partner managing onboarding, documentation, payroll or payments free your team to focus on more strategic work?

< NO

YES
v

A compliant employment or contractor engagement solution could be right for you

Your answers suggest that you could benefit from a more structured way to engage workers, whether they are international employees or local contractors.
